

Northern Wisconsin Hosta Society

*Meetings held at the Myrtle Werth-Mayo Health Center
Menomonie, Wisc.*

2011

We are a group of people that come together to learn and enjoy growing hosta. If you have 'the bug' we are the group for you.

Society functions include educational meetings on hosta and companion plants hardy to our zone 3-4 climate. Monthly meetings are held January through May, September and October. We have member garden tours June through August.

Meetings are held in Menomonie, Wisconsin at the Myrtle Werth-Mayo Health Center located on Highway 12 on the East End of town. Enter the hospital at the east cargo dock double doors. Immediately inside the doors turn left to the meeting room. Meetings start at 1:30 PM the last Sunday of the month and last approximately two hours.

Other activities include a Spring Fling in April, our annual hosta sale in June, a featured speaker in October, and the Happy Hostadays Party in November.

Benefits of belonging to the Northern Wisconsin Hosta Society include hosta door prize at all meetings. Chance to win a specially picked hosta yearly. Society Spring hosta order for members only at Special prices. Special pricing on other garden items including gloves and plant markers at member prices. Four issues of the society newsletter, the Northern Star.

The best benefit of all is the chance to talk and mingle with other hosta growers, young and old, new and experienced in a casual setting.
