

Membership Application THE AMERICAN

HOSTA SOCIETY

The American Hosta Society

The Society was organized in 1968 as a nonprofit educational society to foster and promote knowledge of and interest in the genus *Hosta* and to encourage introduction of the genus into cultivation. The American Hosta Society is the International Cultivar Registration Authority for the genus *Hosta*.

AHS members receive several publications a year, including two colorful issues of *The Hosta Journal* with articles on cultivation tips, propagation techniques, landscape uses, new cultivars, species, pioneers and personalities, scientific advances, convention awards and gardens. A third digital issue of *The Hosta Journal* can be found online in the members-only section of our website.

In addition, the AHS communicates through its website, www.hosta.org, which publicizes national, regional and local activities and provides links to other sites. The AHS has an annual convention that features garden tours, a Hosta Show, an auction, plant sales, educational programs, scientific forums, judging clinics and much more.

Among the extensive services and information provided by the AHS are speaker programs, open display gardens and the popular *Hosta Adventure—A Grower's Guide*. This booklet is a primer on hostas and outlines what every gardener should know about the "Friendship Plant."

Join the American Hosta Society and get acquainted America's most popular perennial. Our membership extends throughout Canada, Europe, Russia, Japan, China, Australia and New Zealand.
